

European travel medical insurance

In order to protect the personal and property safety of the group members during the trip, our company will provide each group member of the European product with overseas travel medical insurance (if you need to apply for a Schengen visa, you still need to purchase travel insurance that meets the requirements of the Schengen country in advance). If you encounters any traffic accident or illness during the trip and needs to be hospitalized for treatment, you can apply for compensation from the insurance company with valid certification documents issued by the hospital (such as medical diagnosis, etc.). The compensation details are as follows:

1. If there is an accident during the trip and you are hospitalized for illness, you can reimburse up to 50,000 US dollars.

2. If there is an accident during the trip or you are sick, you need emergency medical transfer, and you can reimburse up to 25,000 US dollars.

3. If an accident occurs during the trip and the body needs to be transported back to the country, you can reimburse up to 25,000 US dollars.

Notes:

1. The coverage period of overseas travel insurance is the start and end date of the guest's registration for the group. It will automatically take effect on the day the trip starts and automatically expire on the day the trip ends. Any traffic accidents or emergencies that occur outside the coverage period and require hospitalization for treatment due to illness are not covered.

2. If the above emergencies occur during the guest's travel, the guest should immediately file a claim with the insurance company at the time of the accident. Claims filed after the trip will not be accepted.

3. If the above emergencies occur during the guest's travel, the guest has submitted relevant supporting documents to the insurance company in a timely manner in accordance with the regulations to apply for claims. The insurance company will handle the guest's application in accordance with the prescribed procedures, and the actual compensation amount shall be subject to the approval of the insurance company.
